Pre-Booking Offers you Greater Choice

Our goal is to accommodate your schedule, not for you to have to accommodate ours. Thanks to your business, our practice is rapidly growing. This means that at times, we book out several weeks, and in some cases months, in advance for certain procedures or for those requesting very specific time slots. To make certain you get the appointment time you desire, please give us as much lead time as possible when calling to book.

At the time of your appointment, it is also a good idea to pre-book any future appointments. For your convenience, our front desk staff may ask you at the time of check-out if you would like to pre-book several months in advance.

Free Consultations. Always.

We appreciate your business and encourage you to call us with any question you might have for one of our physicians, aestheticians or staff members. Keep in mind, the best way to have your questions answered is by booking a free in-person consultation with one of our physicians. When else can you have a physician's undivided attention for up to 30 minutes?

Call (952) 920-6545 to book today.
