Holiday Greetings to You

A message from Dr. Mark and Dr. Beth Hagberg

We want to take a moment to wish all of our clients and colleagues a lovely Holiday season. We are truly blessed to both serve you and work beside you.

As we look ahead to 2012, we plan to continue adding more innovative cosmetic services to help you accomplish your skin care and body contouring goals. It is our promise to always stay on the cutting-edge of trends and offer you only what we feel will provide you with results. We are always open to suggestions as to how you feel we can improve our menu of services and our customer care efforts. Please email your recommendations to reception@skinrejuvenationclinic.net.

It is our great pleasure serving and working with you. Have the happiest of Holidays.

appearance of hyperpigmented areas of the skin.

The White Lightening Serum which is used at night is the ideal compliment to the complex. The serum helps continue your attack again pigmentation at night while you sleep, offering a boost in hydration.

Buy a White Lightening Complex and White Lightening Serum, get a FREE Hydra-Cool Serum (15mL) valued at \$55!

iS Clinical Hydra-Cool Serum

The iS Clinical Hydra-Cool provides penetrating hydration to skin that is irritated, most commonly to skin that is in the process of a clinical exfoliation treatment.

The serum offers antioxidant protection as well.

December Specials

Specialty facial treatment

**ONLY in December:
The Candy Cane Facial**

Only \$99 this month | 60 minutes

This thorough clinical facial is designed to rapidly resurface the skin, reducing fine lines and wrinkles and encouraging cellular renewal all while giving you a relaxing hour to de-stress during the holiday hustle and bustle. The centerpiece of this no-downtime treatment is a combination of two therapeutic masques; the extremely powerful intensive resurfacing masque and the rejuvenating masque, complemented by a unique combination of serums and creams. This system incorporates both active and soothing formulas, which evoke aromas of warm cinnamon spice and brisk cool peppermint. During this seasonal facial you will receive a facial massage and relax while our aesthetician gives you a peppermint stick butter cream hand massage. Includes steam and extractions.

**Must mention this offer to receive discount. Procedure must be booked by 12/31/11 and must take place by 1/31/12. Not to be combined with any other discount, offer, certificate or sale.*

Join us Tuesday, December 13th from 8 am to 5pm for an iS Clinical Winter White Party!

A day of holiday cheer and great deals awaits you on Tuesday December 13th. Stop in anytime from 8 to 5 for

Get a FREE Hydra-Cool Serum this month with purchase of both the iS Clinical White Lightening Complex and White Lightening Serum, a \$55 value!

Ask your healthcare professional if
BOTOX[®] Cosmetic is the One for your 1's!

BOTOX[®]
 —Cosmetic
 onabotulinumtoxinA

There's only one BOTOX[®] Cosmetic

BOTOX[®] Cosmetic (onabotulinumtoxinA) Important Information

Indication

BOTOX[®] Cosmetic is a prescription medicine that is injected into muscles and used to improve the look of moderate to severe frown lines between the eyebrows (glabellar lines) in people 18 to 65 years of age for a short period of time (temporary).

IMPORTANT SAFETY INFORMATION

BOTOX[®] Cosmetic may cause serious side effects that can be life threatening. Call your doctor or get medical help right away if you have any of these problems any time (hours to weeks) after injection of BOTOX[®] Cosmetic:

- Problems swallowing, speaking, or breathing, due to weakening of associated muscles, can be severe and result in loss of life. You are at the highest risk if these problems are pre-existing before injection. Swallowing problems may last for several months

- **Spread of toxin effects.** The effect of botulinum toxin may affect areas away from the injection site and cause serious symptoms including: loss of strength and all-over muscle weakness, double vision, blurred vision and drooping eyelids, hoarseness or change or loss of voice (dysphonia), trouble saying words clearly (dysarthria), loss of bladder control, trouble breathing, trouble swallowing. **If this happens, do not drive a car, operate machinery, or do other dangerous activities**

The dose of BOTOX[®] Cosmetic is not the same as, or comparable to, another botulinum toxin product.

There has not been a confirmed serious case of spread of toxin effect when BOTOX[®] Cosmetic has been used at the recommended dose to treat frown lines.

Serious and/or immediate allergic reactions have been reported. They include: itching, rash, red itchy welts, wheezing, asthma symptoms, or dizziness or feeling faint. Tell your doctor or get medical help right away if you are wheezing or have asthma symptoms, or if you become dizzy or faint.

Do not take BOTOX[®] Cosmetic if you: are allergic to any of the ingredients in BOTOX[®] Cosmetic (see Medication Guide for ingredients); had an allergic reaction to any other botulinum toxin product such as *Myobloc[®]* (rimabotulinumtoxinB), *Dysport[®]* (abobotulinumtoxinA), or *Xeomin[®]* (incobotulinumtoxinA); have a skin infection at the planned injection site.

Tell your doctor about all your muscle or nerve conditions, such as amyotrophic lateral sclerosis (ALS or Lou Gehrig's disease), myasthenia gravis, or Lambert-Eaton syndrome, as you may be at increased risk of serious side effects including severe dysphagia (difficulty swallowing) and respiratory compromise (difficulty breathing) from typical doses of BOTOX[®] Cosmetic.

Tell your doctor about all your medical conditions, including: plans to have surgery; had surgery on your face; weakness of forehead muscles, such as trouble raising your eyebrows; drooping eyelids; any other abnormal facial change; are pregnant or plan to become pregnant (it is not known if BOTOX[®] Cosmetic can harm your unborn baby); are breast-feeding or plan to breast-feed (it is not known if BOTOX[®] Cosmetic passes into breast milk).

Human albumin and spread of viral diseases. BOTOX[®] Cosmetic contains albumin, a protein component of human blood. The potential risk of spreading viral diseases [eg, Creutzfeldt-Jakob disease (CJD)] via human serum albumin is extremely rare. No cases of viral diseases or CJD have ever been reported in association with human serum albumin.

Tell your doctor about all the medicines you take, including prescription and nonprescription medicines, vitamins, and herbal products. Using BOTOX[®] Cosmetic with certain other medicines may cause serious side effects. **Do not start any new medicines until you have told your doctor that you have received BOTOX[®] Cosmetic in the past.**

Especially tell your doctor if you: have received any other botulinum toxin product in the last 4 months; have received injections of botulinum toxin, such as *Myobloc[®]*, *Dysport[®]*, or *Xeomin[®]* in the past (be sure your doctor knows exactly which product you received); have recently received an antibiotic by injection; take muscle relaxants;

take an allergy or cold medicine; or take a sleep medicine.

Other side effects of BOTOX[®] Cosmetic include: dry mouth, discomfort or pain at the injection site, tiredness, headache, neck pain, and eye problems: double vision, blurred vision, decreased eyesight, drooping eyelids, swelling of your eyelids, and dry eyes.

For more information refer to the Medication Guide or talk with your doctor.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

Please see BOTOX[®] Cosmetic full [Product Information](#) including [Boxed Warning](#) and [Medication Guide](#).

Rebate may not be used in conjunction with any other BOTOX[®] Cosmetic rebate from Allergan.

*Limitations apply. See rebate for full terms and conditions.
