E-Newsletter of Skin Rejuvenation Clinic of Edina

January 2012

Product Spotlight

**Products Included
in our SkinMedica 90-
Day Challenge:**

Check out this month's amazing deals listed below our January feature article...

1) Facial Cleanser

This foaming, soap-free facial cleanser gently purges dirt, makeup, and environmental pollutants from the skin as it hydrates and refreshes.

2) TNS Essential Serum

This all-in-one anti-aging serum is the first to combine the benefits of the patented growth factor serum, TNS Recovery Complex®, with potent antioxidants, peptides and other innovative anti-aging ingredients to regenerate your skin, improving the appearance of fine lines, wrinkles and the overall tone and texture of skin.

3) Tri-Retinol Complex

ProLipo Laser Liposuction Could Be Your Start to a Successful New Year's Resolution

By Dr. Mark Hagberg

Every time you turn on your radio or television this time of year you are bound to hear someone talking about how to lose weight, trim inches and tone your body. January 1st is a natural time of year to start contemplating our beauty and body goals. Some of us want to focus on toning and tightening our body while more and more people are shifting their priorities to enhancing their face to bring forth a fresher appearance.

What are your goals for 2012? Do you want less wrinkles? Do you want to appear less tired? Do you you want to drop a dress size? Get rid of your "turkey neck"? Whatever your beauty goal, we have the treatment available to help you accomplish them which is why we are kicking off January

Three forms of vitamin A in a microparticle delivery system enhance skin texture through exfoliation and skin rejuvenation.

4) TNS Line Refine

Visually reduces the appearance of fine lines and wrinkles around the mouth, eyes and crow's feet area while providing long term anti-aging benefits.

5) TNS Eye Repair

This luxurious eye treatment cream formulated with the patented growth factor blend TNS®, peptides, high concentrations of antioxidant vitamins C and E and hyaluronic acid helps to increase firmness, improve the appearance of fine lines and wrinkles and minimize dark circles.

6) Dermal Repair

This ultra-rich cream intensely hydrates and replenishes moisture to dry skin with high levels of lipid soluble antioxidants, vitamins C and E.

7) SPF 30 Sunscreen

This state-of-the-art, oil and fragrance free sunscreen provides full-spectrum defense against UVA/UVB rays.

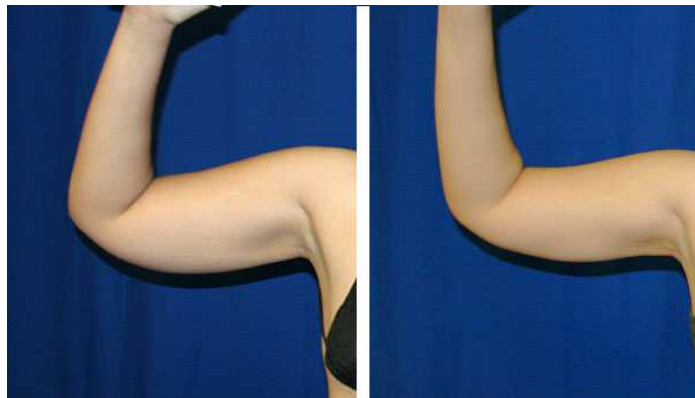

with our 1st Annual Beauty Boot Camp, a 3-month promotion featuring many different ways to save money AND tackle your cosmetic wish list. See below for more details on the Beauty Boot Camp and how to get started on your transformation journey today.

A note specifically to those who are focused on contouring their body in 2012:

ProLipo laser-assisted liposuction is *the* treatment to help accomplish your ideal silhouette in just a matter of weeks and many times, days. ProLipo is ideal for those who are at or near their typical size and/or body weight but have a stubborn area that persists despite a regular fitness routine. Commonly treated areas are outer thighs, inner thighs, love handles, legs, chin, back (bra line), arms and of course upper and lower tummy.

ProLipo is actual liposuction that incorporates a laser and is not a gimmick. During the procedure, we are actually removing fat from your body, but unlike traditional liposuction, the method in which the fat is removed is much gentler, resulting in less downtime, swelling, bleeding and bruising. Results can be seen within days and the area will continue to tighten and improve over the course of 6 months. ProLipo is not to be considered a method of weight loss nor is it to be used as a substitute for a diet or exercise program. However many patients report that their ProLipo procedure was an excellent "motivational" factor in helping them continue to lose weight after the procedure and keep their body in top shape.

If you are interested in learning more about ProLipo, I urge you to book a complimentary consultation (pressure-free). We also have more information on our [website](#) as well as amazing [before and after photos](#) showing all different body types, ages and areas. Below are just a few featured transformations.

Get all of the above products plus 3 aesthetician services (1 Vitalize Peel, 1 Illuminize Peel and 1 Microdermabrasion) all for just \$795! (That's a savings of over \$500!)
