Introducing Colorescience Mineral Make-Up Line

After much research, Skin Rejuvenation Clinic has decided to bring on the Colorescience Pro make-up line because we feel Colorescience Pro gives you gorgeous results without disrupting healthy skin function.

The benefits of Colorescience Pro are hard to ignore:

- Completely free of the dyes, talcs, fillers, mineral oil, perfumes and other ingredients found in traditional lines
- Because the minerals are so concentrated/compact, you use less product which means it can last longer
- Most products are paraben free
- Provides outstanding sun protection
- The line will provide you with the obvious aesthetic benefits of a mineral make-up line, while acting as an extension of your skin care regime
- Animal-friendly and loyal to the eco-system; Colorescience offers refillable containers for a host of products i their line
- Non-irritating, anti-bacterial, anti-microbial and non-comedogenic
- Various shades will match any skin tone
