Tired of curling your eyelashes every morning? We have the perfect treatment for those people who deal with stick-straight lashes or who have lashes that seem to grow down instead of out and up. With the dawn of Latisse and other lash enhancing products that improve length, thickness and darkness, we find that lash perms are still the most effective way to get curly, bold lashes. Lasts 8-12 weeks. We recommend booking a free 5-minute allergy test 24-48 hours prior to your perm.
