The SkinMedica product line is based on the science of the skin's own healing abilities. As skin ages, elasticity decreases, lines and wrinkles appear and overall appearance diminishes. To counteract the effects of time, SkinMedica skin care products contain restorative ingredients that work below the skin's surface to regenerate the health of the skin. Their scientifically proven recovery compounds include essential ingredients ranging from vitamins C and E to retinol to TNS®, a patented blend of growth factors, soluble collagen, antioxidants and matrix proteins.

Fight for Jan!

Benefit for SRC Employee Jan Treanor

We would like to thank those of you who have already donated money or a silent auction item for the upcoming benefit of our beloved employee Jan Treanor. Jan and her family are overwhelmed by the support and generosity shown by Skin Rejuvenation Clinic friends, patients and colleagues. They thank you.

If you haven't yet donated, but would like to help Jan in her advanced treatment of breast cancer overseas, you can visit Jan's benefit [website](#) to make a monetary donation or you can drop off a silent auction donation at our office or or before November 15th. Or you can show your support by attending the benefit that will be held at the Preserve Barn in Eden Prairie on Sunday, November 21 from 11AM to 3PM. The event address and more details can be found on Jan's benefit website or under the "Upcoming Events" section below.
